The image displays seven vertical strips of dark, textured material, likely wood or bark, arranged side-by-side against a white background with a grid pattern. The strips are labeled 1 through 6, and a small strip labeled CC is positioned to the right. Strip 1 is the widest and shows significant cracking and irregular edges. Strip 2 is narrower and has a smoother surface. Strip 3 is similar in width to strip 2 but shows more vertical cracking. Strip 4 is narrower still and has a relatively smooth surface. Strip 5 is similar in width to strip 4 but shows more vertical cracking. Strip 6 is the narrowest and has a smooth surface. Strip CC is a small, rectangular piece of the same material, positioned to the right of the other strips.
