

CORRECTIONS TO VOL. 141, INITIAL REPORTS, ODP PROCEEDINGS, PAGES 88, 176

In the Initial Reports volume for Leg 141 of the Proceedings of the Ocean Drilling Program, editing errors were inadvertently introduced into the biostratigraphic figures for Sites 859 and 860 (pages 88 and 176, respectively). Given below and on the following two pages are these figures, with their captions, as they should have appeared in their respective site chapters (Behrmann, J.H., Lewis, S.D., Musgrave, R.J., et al., 1992).

Holes 859A and 859B
