## Executive Committee (EXCOM)

James C. Briden

*University of Oxford*

Helmut Beiersdorf

*Bundesanstalt für Geowissenschaften und Rohstoffe*

G. Brent Dalrymple

*Oregon State University*

Robert S. Detrick

*Woods Hole Oceanographic Institution*

Robert A. Duce

*Texas A&M University*

Olav Eldholm

*University of Oslo*

David Falvey (JOI Office liaison)

*Joint Oceanographic Institutions, Inc.*

Paul Jeff Fox (Science Operator liaison)

*Texas A&M University*

Timothy J.G. Francis (Science Operator liaison)

*Texas A&M University*

Robert B. Gagosian

*Woods Hole Oceanographic Institution*

David Goldberg (WLS liaison)

*Columbia University*

Christophe G.A. Harrison

*University of Miami*

Donald F. Heinrichs (NSF liaison; ODPC liaison)

*National Science Foundation (U.S.A.)*

Robert B. Kidd (PCOM liaison; JOIDES Office liaison)

*University of Wales*

Yves P. Lancelot

*LGQ/CNRS, CEREGE (France)*

Margaret S. Leinen

*University of Rhode Island*

Brian T.R. Lewis (PCOM liaison)

*University of Washington*

Bruce Malfait (NSF liaison)

*National Science Foundation (U.S.A.)*

Larry A. Mayer

*University of New Brunswick*

John C. Mutter

*Columbia University*

Arthur Nowell

*University of Washington*

John A. Orcutt

*University of California, San Diego*

Philip D. Rabinowitz (Science Operator liaison)

*Texas A&M University*

C. Barry Raleigh

*University of Hawaii*

Bruce R. Rosendahl

*University of Miami*

Paul L. Stoffa

*University of Texas at Austin*

Asahiko Taira

*University of Tokyo*

James D. Watkins (JOI Office liaison)

*Joint Oceanographic Institutions, Inc.*

## Planning Committee (PCOM)

Robert B. Kidd

*University of Wales*

Richard J. Arculus

*Australian National University*

Jack G. Baldauf (Science Operations liaison)

*Texas A&M University*

Wolfgang H. Berger

*University of California, San Diego*

Robert M. Carter

*University of Queensland*

J. Paul Dauphin (NSF liaison)

*National Science Foundation (U.S.A.)*

Henry J.B. Dick

*Woods Hole Oceanographic Institution*

David Falvey (JOI liaison)

*Joint Oceanographic Institutions, Inc.*

Paul Jeff Fox

*University of Rhode Island*

Timothy J.G. Francis (Science Operator liaison)

*Texas A&M University*

David Goldberg (WLS liaison)

*Columbia University*

Harlan Paul Johnson

*University of Washington*

Hermann R. Kudrass

*Bundesanstalt für Geowissenschaften und Rohstoffe*

Marcus G. Langseth

*Columbia University*

Hans-Christian Larsen

*Geological Survey of Denmark & Greenland*

Brian T.R. Lewis

*University of Washington*

Bruce Malfait (NSF liaison)

*National Science Foundation (U.S.A.)*

Judith McKenzie

*ETH - Zentrum (Switzerland)*

Catherine Mével

*Université Pierre et Marie Curie*

Alan C. Mix

*Oregon State University*

Gregory F. Moore

*University of Hawaii*

Gregory S. Mountain

*Columbia University*

James H. Natland

*University of Miami*

William W. Sager

*Texas A&M University*

Thomas H. Shipley

*University of Texas at Austin*

Kiyoshi Suyehiro

*University of Tokyo*

Brian Taylor

*University of Hawaii*

## Budget Committee (BCOM)

John A. Orcutt

*University of California, San Diego*

Timothy J.G. Francis (Science Operator liaison)

*Texas A&M University*

David Goldberg (WLS liaison)

*Columbia University*

Susan Humphris

*Woods Hole Oceanographic Institution*

Ellen S. Kappel (JOI Office liaison)

*Joint Oceanographic Institutions, Inc.*

Robert B. Kidd (PCOM liaison)

*University of Wales*

Margaret S. Leinen

*University of Rhode Island*

Brian T.R. Lewis

*University of Washington*

Robin P. Riddihough

*Geological Survey of Canada*

Mary Reagan (WLS liaison)

*Lamont-Doherty Earth Observatory*

Bruce R. Rosendahl

*University of Miami*

Asahiko Taira

*University of Tokyo*

## Downhole Measurements Panel (DMP)

Peter Lysne

*Sandia National Laboratories (U.S.A.)*

Susan M. Agar (TECP liaison)

*Northwestern University*

Dan Arnold

*Katy, Texas (U.S.A.)*

Jean M. Bahr (SGPP liaison)

*University of Wisconsin, Madison*

Millard F. Coffin (LITHP liaison)

*University of Texas at Austin*

Gilles J. Dubuisson

*Ecole Normale Supérieure*

Frank Filice

*Lamont-Doherty Earth Observatory*

Andrew T. Fisher (LITHP liaison)

*University of California, Santa Cruz*

Gerard J. Fryer

*University of Hawaii*

\*Membership for period September 1994–October 1995; Legs 158–163.
