

Chapter 11, Figure F9. Top: Seismic line 3 collected over the Thompson Trough on the Papuan Ridge. Location of the seismic line is shown in Figure F8, p. 11. Bottom: Seismic line 4 collected during the transit from the Thompson Trough to the North High survey area. The location of the seismic profile is shown in Figure F1, p. 7. C/C = change in ship's heading.
