

ODP Proceedings, Initial Reports, Volume 210
Chapter 5, Figure F3. Prestack time migration of SCREECH line 2MCS. See Figure F2, p. 10, and the map at the bottom for the location. A CMP navigation map for SCREECH transect 2 MCS lines can be found in the [“Supplementary Material”](#) contents list. Inverted solid triangles with labels = crossings with other MCS profiles. Solid arrows = locations of Anomalies M0 and M3 as identified by Srivastava et al. (2000). CMP = common midpoint.
