Figure 18

A

B

C

magmatic foliation intensity
crystal-plastic foliation intensity
vein intensity

depth (mbsf)

oxide-rich zone
fault
fault (Leg 118 VSP reflector)
vein-rich zone
(Leg 118 VSP reflector)
crystal-plastic shear zone
fault
crystal-plastic shear zone

poles to magmatic foliation
poles to crystal-plastic foliation
poles to veins
poles to faults

magnetic foliation
mylonite
 cataclasite
